NEW! DVPT128RD PLUG TRAY ADDS TO DILLEN'S UNMATCHED STANDARD PLUG TRAY VARIETY

FOR IMMEDIATE RELEASE: February 2007—Dillén Products, North America's leader in horticultural containers, introduces the new **DVPT128RD Standard Plug Tray**.

The **DVPT128RD Plug Tray** is the newest product in our standard dimension vacuum-formed plug trays line built for unmatched quality and economy. Round cells make it perfect for seed germination or vegetative propagation. The ventilation holes provide exceptional air circulation while the molded feet in the bottom of the cells provide superior drainage. The **DVPT128RD Plug Tray** is available with stacking notches for quick and easy denesting in automated equipment. It is stocked in black.

Dillén, a Myers Industries, Inc. company (NYSE: MYE), is a leading manufacturer of molded plastic growing containers, trays, and related products for the North American horticulture market. Dillén also provides complete offset / inkjet printing and labeling services, plus in-house graphics design for branding programs. Custom product design is available. Products are manufactured in Ohio and Nevada, and are available across North America through Dillén's extensive distributor network. Call (800) 225-7712, or visit www.dillen.com for more information.
