NEW! 10.00 ROMAN URN AND 10.00 ROMAN SL HANGING BASKET FROM DILLEN

FOR IMMEDIATE RELEASE: February 2007—Dillenn Products, North America's leader in horticultural containers, extends its line with the new **10.00 Roman Urn and 10.00 Roman SL Hanging Basket**.

The **10.00 Roman Urn** is the latest addition to the Color Products line. A companion to Dillenn's 09.00 Roman Urn and 12.50 Roman Urn, the **10.00 Roman Urn** boasts the classic Romanesque style with fluted accents. These flexible yet sturdy containers are ideal for patio, porch, or deck use.

Adding to their hanging basket line, Dillenn introduces the **10.00 Roman SL Hanging Basket**. Pulling from the elegance of the color products line, the new Roman SL Hanging Basket features stylish fluted sides for classic appeal. The deep design offers a generous soil volume, and it comes equipped with an internal capillary dish, which creates a reservoir to promote longer plant life.

Both the **10.00 Roman Urn** and the **10.00 Roman SL Hanging Basket** are stocked in mocha and clay colors and are also available in custom colors with special orders (minimums apply).

Dillenn, a Myers Industries, Inc. company (NYSE: MYE), is a leading manufacturer of molded plastic growing containers, trays, and related products for the North American horticulture market. Dillenn also provides complete offset / inkjet printing and labeling services, plus in-house graphics design for branding programs. Custom product design is available. Products are manufactured in Ohio and Nevada, and are available across North America through Dillenn's extensive distributor network. Call (800) 225-7712, or visit www.dillenn.com for more information.
