## With Dillen Nursery Containers, growers have the most extensive selection of containers sized for regional growing requirements

- Tag Locator slots are molded into the rim of the T1G, T1G Squat, T2G, and T3G sizes to display marketing tags
- Six color offset printing available on sizes up to T2G for vivid marketing displays
- High-gloss finish on all pots allows easy cleaning and label application
- Large drain holes prevent waterlogging; side or bottom drainage option for many sizes
- Matching Carry Trays are available for select sizes

Standard Colors

Black Green

Custom Colors Available

Nursery Containers are compatible with many Dillen Carry Trays!
